To Our Valued Customers:

In the last few days, our county as well as the surrounding counties have experienced a severe uptick of COVID cases. This morning we were been informed that a large group of our employees are required to quarantine and as you can imagine, for a small business, this has a major effect on production. Currently, we expect delays in delivery but cannot yet predict to what extent. ValveTech management is closely monitoring the situation and keep you updated as information comes in.

Thank you for your patience during these uncertain times as we work through this ever-evolving pandemic.

Please feel free to contact us with any questions.

Sincerely,

A handwritten signature in cursive script that reads 'Erin Mullally'. Below the signature is a horizontal line.

Erin Mullally, President
